SSC (Class X)	Z P High School, Nagarampalli	Board of Secondary Education, Andhra Pradesh	2021	96.5%

PROFESSIONAL EXPERIENCE

Infosys Springboard 7.0 – Virtual Internship (Batch 3)

Remote, India

Virtual Intern

August 2026 - Present

- Collaborating with a cross-functional team to develop an AI-powered research funding and innovation platform.
- Contributing to research, development, and testing activities as part of the Infosys Springboard Virtual Internship.

Shripriti Educational & IT Hub

Remote, India

Frontend Web Development Intern

June 2025 - August 2025

- Built responsive, cross-browser web pages using HTML5, CSS3, JavaScript, and Bootstrap.
- Integrated REST APIs for dynamic content and resolved UI bugs to optimize site performance.

PROJECTS

Blood Donation & Emergency Matching Platform (Contributed Project)

Nov 2025 - Dec 2025

- Co-developed a web platform (team of 5) connecting hospitals with nearby blood donors using filters for blood group, location, and availability with a fully responsive Bootstrap 5 UI.

GitHub: github.com/LOKESH123999/Blood-Donor-Platform | Recognition: Startup Chhattisgarh Top 14

- Integrated Twilio API to send automated SMS and IVR call alerts to matching donors during emergencies, reducing donor response time significantly.
- Selected as Top 14 team in Startup Chhattisgarh (Govt. of Chhattisgarh) out of 100+ competing teams for real-world healthcare impact.

AI Research Funding & Innovation Intelligence Platform (Team Project – Infosys Springboard Virtual Internship)

Aug 2026 - Present

- Collaborating with a team as part of the Infosys Springboard 7.0 Virtual Internship to build an AI-powered platform helping researchers, startups, and universities discover funding opportunities, analyze research trends, and evaluate patent landscapes.
- Contributing to development of research profile management, funding opportunity discovery, and innovation scoring modules using Python, FastAPI, React.js, and NLP techniques.
- Working with the team on patent landscape analysis, technology trend intelligence, and commercialization recommendation features within a centralized dashboard.
- Participating in Dockerized deployment and cloud integration (AWS/Azure) as part of the team's end-to-end delivery workflow.

LEADERSHIP EXPERIENCE

Workshop Lead | Tech Talks Club

The ICFAI University, Raipur

- Worked as the Workshop Lead within a dedicated team at Tech Talks Club, collectively organizing technical workshops and career development events for students.
- Collaborated with team members on event planning, logistics, and coordination, ensuring impactful sessions on industry-relevant topics.
- As a team, drove student engagement and participation, contributing to the overall growth of the college's tech community.
